

Pin Rack Portable Racks

Steel King specializes in the the custom design of shipping racks to better meet our customers' requirements. The Stac-King Pin Rack is no exception! An adaptation of our popular Stac-King portable rack, the Pin Rack uses a double-level sheet metal deck perforated to accept drop-in pins, allowing custom configurations for a wide variety of odd-shaped parts. The Pin Rack is ideal for handling steel stampings, blanks or other flat goods.

Details of pins and parts
