

November 12, 2004

Dear Valued Customers:

Effective with shipments December 1, 2004, the applicable Raw Materials Surcharge for merchant & structural products is \$143/net ton or \$7.15/cwt.

Product	Published Index (AMM)	Consumer Buying Price (Chicago)	Program Baseline	December Monthly Surcharge/ton
Rebar, merchant structural	Shredded Auto Scrap	\$305	\$162	\$143

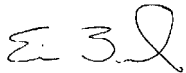

In addition to the new Raw Materials Surcharge taking effect on December 1st, we will also be adjusting our base pricing for merchants & structural products downward by \$20/net ton or \$1.00/cwt

The effect of the adjustments in our base pricing will offset the increase in the raw material surcharge, therefore allowing the transaction price to remain the same as November.
