

NUCOR
SHEET MILL GROUP
DELIVERING MORE THAN STEEL

December 14, 2007

Dear Valued Customer,

Due to increased order activity in recent weeks coupled with increased raw material costs, the Nucor Sheet Mill Group is raising transaction prices for the month of February by a minimum of \$30/ton. We reserve the right to review and re-quote any offers that are not confirmed with either a Nucor sales acknowledgement or written acceptance by both parties.

The spot order book for February will open today across the Sheet Mill Group.

Because raw material costs continue to escalate, we have reviewed our input costs and have revised our quality extras. The new extras are reflected in our price sheets dated January 27, 2008. Consistent with our policy to monitor the cost of zinc, we have revised our galvanized coating weight extras for February as well.

The price increase and revised extras are effective with orders acknowledged to ship week ending February 2, 2008. Please contact your Nucor District Sales Manager regarding pricing and availability.

We appreciate your continued support of the Nucor Sheet Mill Group.

Sincerely,

George Billings
